ABOUT ME

Hello! I'm **Alvakonda Prashanth**, a third-year B.Tech Computer Science and Engineering student at Sri Krishnadevaraya University College of Engineering and Technology.

I am interested in technology, programming, and software development. I enjoy learning new concepts and improving my knowledge through academics, self-learning, and practical experience.

Along with my studies, I work as a freelancer, where I have developed communication, teamwork, and time management skills. My goal is to become a skilled Software Engineer by continuously learning and gaining practical experience.

SKILLS

Programming

- HTML (Basic)
- CSS (Basic)
- JavaScript (Basic)
- Python (Basic)

Currently Learning

- Web Development
- Database Management Systems (DBMS)
- Artificial Intelligence Fundamentals
- Problem Solving

Soft Skills

- Communication
- Teamwork
- Quick Learning
- Time Management
- Adaptability

EXPERIENCE

Freelancer

2024 – Present

Alpha Auron Private Limited

- Worked on online content creation and digital assignments.
- Completed assigned tasks within deadlines.
- Improved communication and professional work ethics.
- Gained experience working in a remote professional environment.

PROJECTS

1. Academic Learning

Currently focusing on strengthening my programming and web development fundamentals through academic coursework and self-learning.

2. Personal Portfolio Website

Designed and developed a personal portfolio website using Google Sites to showcase my education, skills, certifications, achievements, and professional profile.

ACHIEVEMENTS

- Gold Medal in State Level Wrestling
- Participated in National-Level Wrestling Competitions
- Working as a Freelancer at Alpha Auron Private Limited
- Continuously improving programming and web development skills

CAREER OBJECTIVE

To start my career as a Software Developer by applying my technical knowledge, continuously learning new technologies, and contributing to innovative software solutions while growing professionally.

RESUME SUMMARY

I am a third-year B.Tech Computer Science and Engineering student with basic knowledge of HTML, CSS, JavaScript, and Python. I am passionate about learning software development and continuously improving my technical and professional skills. I am looking for opportunities to gain practical experience, enhance my abilities, and build a successful career in the IT industry.
